Every school community would like to believe that its members show respect to themselves, each other and to the environment. This expectation is certainly here at Mazenod; however, exactly what each of us means by respect can be very varied. For some, respect is looking people in the eye, while for others this same action can be culturally very insensitive. I would like to use this newsletter to write about some of the ways that I believe respect exists or should exist within the College. Some of what I suggest may seem old fashioned by the students, or seem too relaxed by some of the families.

William Aiken wrote in the CPA Journal that “Respect is an unassuming resounding force, the stuff that equity and justice are made of.” It means being treated with consideration and esteem and to be willing to treat other people similarly. It means to have a regard for other peoples’ feelings, listening to people and hearing them, i.e. giving them one’s full attention. Even more importantly, respect means treating one with dignity. Respect is the opposite of humiliation and contempt. So where the latter can be a cause of conflict, the former and its opposite can help transform it. As William Ury writes in his book The Third Side: “Human beings have a host of emotional needs - for love and recognition, for belonging and identity, for purpose and meaning to live. If all these needs had to be subsumed in one word, it might be respect”.

Over the course of the next three newsletters, I would like to outline what Respect looks like, sounds like and feels like and to offer concrete examples of what we are doing well and what areas need to be improved. In this first week, I would like to focus on what I believe respect looks like at Mazenod and areas where we can improve.

What does/should Respect look like at Mazenod?

When a staff member enters a room, it is the expectation that the students stand and formally wait for the lesson to begin. This standing and greeting is an essential starting point for both the lesson and the relationship to follow. The students are not asked to stand because the staff member is superior. They are asked to stand as an acknowledgement of the relationship between the two. The staff member is expected to also acknowledge this relationship with a greeting, prayer or encouragement. It is in these moments that I believe the seed of respect is grown. This moment honours the profession of teaching and the dignity of the students. I am very pleased with the relationship of respect that exists between the staff and the students and believe that this respect is one of the genuinely great features of the College.

There are a few areas that I believe need some genuine and immediate work. The way in which the students wear their uniform and hair is also something that I believe points to respect. In these matters, we require the support and cooperation of families. It does matter very much to us how each of the boy's represents both themselves and the College and we do take the wearing of the uniform seriously. The uniform has a tie and that tie is expected to be done up. The uniform has a shirt that is expected to be tucked in. The uniform has a blazer that is expected to be worn to and from school. For sporting events, the uniform is crucial for team work and discipline. It says that no one is more important in the team and that when you see the colours of a team mate, you see someone of support. I have given full support to Year Level Coordinators to offer consequences to students who fail to respect the uniform policy, including hair.

The reason we take this seriously is because we believe that the uniform represents our heritage, culture and personality. We believe it is a great uniform that, when worn well, demonstrates some of the best of what we are.

Our grounds and facilities at the College are cared for by a dedicated team of staff. The way in which students dispose of their litter or the way that they treat the facilities is a definite sign of respect and one that continuously needs improvement. I am hoping that some of the students may read this and spare a thought for the Grounds and Maintenance team, so that when they see a fellow student littering or damaging property in any way that they may have the courage to step in and challenge it. Our fee structure means that every expense is considered carefully. I believe we have the lowest fees of any boy’s school in Melbourne and we have facilities that rival the best. This balance can only be achieved by students continuously show due respect to the buildings, environment and staff. I commend the Grounds and Maintenance staff on their fine work. However, some of that work (repairing and cleaning) should not have to happen if students cared for the College better.

As many of you know, Mulgrave is not well serviced by public transport and we rely on charter busses and also public busses and trains. It is at times, on these modes of transport, that some of the boys fail to recognise the dignity of themselves and others. At times, there is pushing, shoving, swearing and rudeness that does not treat others with the respect that they deserve. The issue of safety is one of significant concern and one that worries me greatly. I expect that every student, but especially senior students will take a stronger leadership in this area. Obviously a staff member cannot be present on every bus or train, but there should be students of good will and courage who take a stand, however unpopular that is. It will take very seriously any incident brought to my attention about behaviour on public transport. Our safety, reputation and character must be priorities for all using public transport.

Not every boy catches public transport. For many, they are picked up in vehicles by parents. There is a major safety issue at the beginning and end of every day and one that deserves immediate remedy and support. The College has expressed its concerns to Police, Council, State Politicians and to parents about the way in which some people use the Kernot Avenue entrance of the College. Parents are asked not to park in staff car parks as well as refraining from doing a U turn or reversing in Kernot Avenue. All drivers should turn left when exiting Kernot Avenue to avoid congestion. Parents who have their sons walk to designated areas beyond Kernot Avenue greatly assist in the safety of all and deserve our thanks and respect. Even the way we drive will indicate what respect looks like at Mazenod.

In all of the areas outlined above, I want to encourage you to remember to treat people as someones not somethings. When we do this we ultimately show ourselves and others a great deal of respect. It is worth the effort and it is worth the challenge.

Our congratulations to Luke Greco on representing Australia at the Youth Olympics in Singapore in the 400m and also to Alex Butler on being selected in the Victorian Under 15 Lacrosse team. We are very proud of you both.

Please keep Max (Year 11), Alex (Old Boy) and Suzanne (Mum) Jeffress in your prayers as they mourn the loss of Marshall (Dad) who passed away on the weekend. May he rest in the peace and love of God.

Take Care and God Bless
Fr Michael Twigg O.M.I.
DATES

August 2010
Fri 27 Aug  Subject Selection Forms due for students in Year 9, 10, 11 & 12 (2011)

More dates will be added progressively

OTHER NEWS

Traffic Congestion
The congestion after school in Kernot Ave is getting worse. Please check the College diary for “Car Park Arrangements”. Please do not park in staff car parks and refrain from doing U Turns and reversing in Kernot Ave. We would also like all drivers to turn left when leaving Kernot Ave during hectic times.

Parents who have their sons walk to designated areas beyond Kernot Ave assist with minimizing congestion.

Thank you for your support regarding this matter.

Just a reminder to all parents who have not supplied their email address, please return this to the Front Office as soon as possible. Thank you

CAREERS AND PATHWAYS

General Careers Update:

OPEN DAYS THIS WEEKEND – 21st – 22nd AUGUST

Deakin University
Melbourne (Burwood) Campus
Sun 22 Aug 10 am – 4pm
http://www.deakin.edu.au/openday/

ADFA OPEN DAY – SATURDAY 28 AUGUST 2010

The Australian Defence Force Academy (ADFA) is holding its annual University Open Day. This is a chance for students and parents to see a range of exciting military displays and learn everything they need to know about life at ADFA. Defence Force Recruiting and University of New South Wales (UNSW) staff will be available to provide course and careers advice to potential candidates and their families. Navy Midshipmen, Army and Air Force Officer Cadets will be available to discuss their life at ADFA and conduct personalised tours. They can give you a first hand account of their military and academic studies and experience.

Date:  Saturday 28 August 2010, 9.00am to 4.00pm
Where:  Northcott Drive Campbell, Canberra
For more information on ADFA, visit these websites:
ADFA Open Day: www.openday.adfa.edu.au/

2011 ADFA University places are still available for next year. Defence Force Recruiting encourages year 12 students to apply now. Call 13 19 01 or visit www.defencejobs.gov.au/adfa to start your application

KEEPER FOR A DAY AT HEALESVILLE SANCTUARY

Keeper for a Day at Healesville Sanctuary is a full day careers program for students in Year 9 and above who have an interest in working with animals.

MISSED OPEN DAY? EXPERIENCE PENINSULA 2010

The Peninsula campus, located in Frankston Victoria, is Monash’s third largest metropolitan campus - offering world-class degrees in Physiotherapy, Occupational Therapy, Nursing, Midwifery, Emergency Health (Paramedic), Business, Early Childhood Education, Primary Education and Sport and Outdoor Recreation. Easily accessible by train or car (just hop on Eastlink!), Monash’s

FATHERS’ ASSOCIATION

The next Ladies Auxiliary meeting will be on Wednesday 25th August 2010 commencing with Mass at 7.30 pm followed by meeting and supper in the Conference Room.

Peninsula campus is a beautiful and intimate learning environment and is closer than you think! Join Monash on 28 September to experience the facilities and meet current students. The ‘Experience Peninsula’ program is a free event that will run from 10am to 2pm, and is open to students in Years 10 – 12 and their parents.

More information: Online registrations will open on Monday 16 August. Visit www.monash.edu.au/study/events/experience/

PARENT INFORMATION EVENINGS

In August and September Monash University is again running a series of Parent Information Evenings across the state. These seminar presentations will provide an excellent opportunity for parents to find out more about the range of course and campus options at Monash University, and will also cover the following topics:

- Applications and selection
- Equity and access schemes
- Student support services and facilities
- Scholarships
- Accommodation, fees and cost of living
- Living in Melbourne

Seminar venue and date: Wednesday 8 September, 6:30 – 7:30pm, Monash University, Caulfield Campus

More information: www.monash.edu.au/study/events/parents/

AT MONASH - PATHWAYS

Wednesday 25 August, 6:30 – 8pm
South 1 Lecture Theatre, Building 68, Clayton Campus

The At Monash Seminar Series provides a unique opportunity to hear from academics, current students and graduates all in the one place. There is also a question and answer session and a chance to pick up course information and ask individual questions of the speakers and faculty representatives. This final session in the At Monash seminar series is fantastic opportunity for current Year 12 students and their families to find out about Pathway options into Monash University degrees, such as the Diploma of Tertiary Studies and Monash College.

More information: Please register online at www.monash.edu.au/study/events/atmonash/

FACULTY OF SCIENCE - NEW COURSE - BACHELOR OF SCIENCE (VETERINARY BIOSCIENCE)

Campus: Gippsland
Duration: 3 years full-time

Prerequisites: Units 3 and 4 – a study score of at least 30 in English (ESL) or 25 in any other English, and one of biology, chemistry, mathematical methods (either) physics, geography, psychology or specialist mathematics.

About the course: The Bachelor of Science (Veterinary Bioscience) is ideal for students who are passionate about animal science careers. Students study a wide range of topics including anatomy, biochemistry, animal health, animal diversity, immunology, microbiology, physiology, animal ecology and animal biotechnology. The course structure ensures a strong background in the core sciences together with a focus on animal health and ecology.

Students will benefit from studying animal health in a regional location and context; focusing on key issues of international relevance. The laboratory based aspects of the course are supported by fieldwork and case studies at nearby sites such as farming and breeding enterprises, animal health practices, and natural habitats with wildlife populations.

The choice of an applied research project or an industry based placement in the final year of the course will develop the technical expertise and hands-on skills required for higher degree research or employment. The inclusion of six full elective units in the program provides flexibility for students to tailor studies to specific interests and careers or research objectives.

This degree provides an ideal preparation for entry into studies in veterinary medicine. Graduates will have a wide range of career opportunities in regional and metropolitan industries, including veterinary medicine, the agriculture industries, animal welfare, wildlife conservation and research laboratories.

More information: School of Applied Sciences and Engineering, Monash University Gippsland Campus. Tel: 03 512 26453, Email: scienceenquiries@sci.monash.edu.au www.gippsland.monash.edu.au

VTAC ADMISSIONS UPDATE - ERRATUM IN VTAC GUIDE

On page 67 of the 2011 VTAC Guide Banking and Finance / Law (VTAC code 28031) has incorrect ENTER scores listed for the Main Round 18 January 2010. Please refer students to the Clearly-In and Fringe ENTERS for the Final Round 5 February 2010.

Extra Requirements Dates

Interviews for Bachelor of Physiotherapy: Year 12 - 29 Nov – 1 Dec 2010

Interview dates for the following Art & Design courses will run 24 November – 4 December 2010 for 2011 entry

- Bachelor Industrial Design
- Bachelor Interior Architecture
- Bachelor of Design (Visual Communication)
- Bachelor of Fine Art
- Bachelor of Visual & Media Arts (through Gippsland)

All applicants will need to submit a pre-selection kit for the courses listed above, available to download from the Monash website: www.artdes.monash.edu.au

Bachelor of Performing Arts auditions/interviews week beginning 22 November. All details can be found at http://www.arts.monash.edu.au/theatre-performance/future/apply/

RMIT University Update:

LAST CHANCE TO REGISTER - ADVERTISING AND PUBLIC RELATIONS CAREERS DAYS

These full-day seminars give future students an introduction into the world of advertising or public relations. Keynote speakers actively engaged in various areas of the industry, together with members of the University’s teaching staff will deliver the seminar. The event will provide a realistic up-to-date overview of the industry and employment opportunities and is recommended to anyone considering a career in advertising or public relations. It’s not too late for students to attend. Register online today:

Contact: RMIT Training, Tel. 03 9925 8111, Email: enquiries@rmit.edu.au

NEW IN 2011: BACHELOR OF APPLIED SCIENCE (EXERCISE AND SPORT SCIENCE)

Audience: Students interested in exercise, sport and fitness

The Exercise and Sport Science degree provides students with theoretical knowledge and practical skills in the areas of exercise prescription, health promotion, physical activity, injury and disease, sport science and human performance. They also gain a strong understanding of clinical situations and conditions. A feature of the degree is the high level of interaction with exercise sciences staff who are well connected with industry and research-active.

Students will complete field experience throughout the degree, including an extended placement in years 3 and 4. The degree has strong links with the Victorian and Australian Institutes of Sport, sporting clubs, rehabilitation centres and other community organisations. For more information, visit: www.rmit.edu.au/programs/bp270

PUBLIC RELATIONS ENTRANCE TEST

A reminder that all applicants must register to sit the Public Relations Entrance Test (PRET) to be considered for entry into the Bachelor of Communications (Public Relations).

Date: Friday 3 September 2010
Time: 5 pm - 7 pm
Location: RMIT City Campus.

Register online http://www.rmit.edu.au/writingcommunication/undergrad/pr/pret

Registrations close Friday 27 August.

NEW SCHOLARSHIP FOR STUDENT COMMENCING TERTIARY STUDY IN 2011

RMIT has created a new scholarship for high achieving students who are interested in attending University.

The RMIT Merit Equity Scholarship aims to assist high achieving students who face financial and/ or educational difficulties. Through the scholarship, commencing RMIT students will be awarded:

- $6,000 per year for three years
- $10,000 travel grant.

The travel grant component of the scholarship is designed to offer students the opportunity to undertake an ‘overseas study experience’ through one of RMIT’s international programs. RMIT international study and career development opportunities include:

- Student Exchange and Study Abroad programs at one of RMIT’s many overseas partner universities
- Work Placements
- Fieldtrips
- Internships
- Study Tours

Applications close Friday 29 October 2010 and students automatically apply when applying for scholarships via VTAC: www.vtac.edu.au For the eligibility criteria, or to download the new 2011 RMIT Scholarships Brochure, visit www.rmit.edu.au/scholarship

| Wed 25 Aug | Anne Weber, Maree Kosorog, Mary Camerota, Sue Romano |
| Thu 26 Aug | Nila Fernando, Mary Bampton, Udesika Ranepura |
| Fri 27 Aug | Denise De Graaf, Julie Izon, Rebecca Van Rensburg |
As I have mentioned on a number of occasions, we could not run such an extensive Sports Program without the dedication and passion of staff. We compete in 3 major carnivals and over 300 competitive games of sport a year. We also provide a program that allows 1200 students a week, the opportunity to be involved in a sport of their choice! No other ACC school provides this for their students. It involves over 40 staff per year to run the program and a lot of time and energy!

This week we lose one of our most dynamic and committed staff members in Michael Regan. I have seen Michael grow up from a young up start here at school in his foundation years, never short of an opinion and always willing to jump in and give anything a go! To a wonderful young man that has great passion and drive for teaching, as well as being a great role model for all our students.

Michael has taught at Mazenod for 3 years and in that time has given everything he possible could. He has coached with dedication and enthusiasm and this year alone, was involved in the coaching of 3 football teams over three days in Term 2. This is the norm for Michael and the tremendous effort he has put in to passing on his knowledge and expertise in all kinds of sport!

Michael has taken care of our Senior Cricketer Team for the past three years and guided them on 3 Oblate Carnivals. All the boys talk glowingly of their time away with Michael and the fun and interest he has taken in each of them. That is why so many students make the transition to the Old Boys Football and Cricket Club as easily as they do because Michael is always the first to greet them and put their nerves at ease.

You can replace the position, but never the person, and that is the big loss we have here in the Sports Department! Michael will leave a huge imprint on the College and all the students he has taught and coached. He has shown them the dedication and passion required to be the best person they can be.

We wish him every success in his new position with “Catapult GPS Sports Systems.” His new job takes Michael immediately off to Europe and to liaise with EPL Soccer Clubs, French Rugby Clubs and the McLaren Racing Team. He will then come home to work with the AFL teams in developing new ways in which to measure elite athlete’s quest for peak physical performance. Michael will complete his Masters in Fitness and Conditioning and continue his work with the Port Adelaide Football Club. Michael also hopes to be home in time to Captain the Old Collegians Reserve grade team in the finals. We cannot thank Michael enough for all that he has done for everyone at Mazenod. His legacy will be seen in all the students he has contact with.

Last Friday we had a number students compete at the Victorian Road Cycle Championships at Casey Fields. It was a very successful event with Jack Cummings winning his Final and making his way to the State Final at Geelong. This event will be held as part of the World Cycling Championships in October. Other notable achievements were John Paul Van Rensburg, Joachim Knight and Jack Slade all made it into the final with a Top 10 finish in their heat. The boys went on to finish 4th, 5th and 8th in the final. David Koroknai finished 5th in his final and Thomas McMorrow finished 8th in the senior final. Unfortunately for these students you needed a top 3 finish to advance to the State Finals.

Congratulations to Alex Butler of Year 9 who has just been selected in the Victorian Under 15 Lacrosse Team to compete in the National Championships in Adelaide. Alex is also a very accomplished Hockey player, as well and we wish him every success.

Luke Greco finished 4th in his heat at the Youth Olympics the other day as watched by the entire Year 12 student body. His time qualified Luke for the B Final to be held over the weekend. We wish Luke all the best.

We also wish a wonderful trip to 3 of our most promising Soccer players in Year 9. Ethan Rennie, Haydn Handakas and Matthew Karak are all heading off tonight on a 16 day soccer development trip to England. The boys will get some expert training advice, play a couple of friendly games against EPL development squads and see up close and personal how the world’s best soccer players prepare. Have fun boys and take as much in as possible!
