Dear Mazenod Families,

I would like to acknowledge and thank most sincerely everyone who was involved in the College Open Day on Tuesday. In spite of the weather, over 1000 people came through the College to sample a part of our culture. I was incredibly proud of the involvement of both staff and students and it was obvious that there was great pride in presenting the School to the community. Just a reminder that the closing date for applications for Year 7, 2014 is Friday 1st March, 2013.

I would like to commend all of the students involved in preparations for our ACC Swimming and Athletics Carnivals. The Swimmers have been preparing for many months and the Athletes have recently stepped up their efforts. It is wonderful to see so many boys willingly to be involved and there is most definitely a great pride in their performances. Whatever the result is on Friday night, we remain very proud of the boys and the staff involved.

The invitations have recently been sent out for the Athletics Carnival. It is most certainly an expectation that every Athlete makes themselves available and that this is done so willingly brings us great joy. Swimming, Athletics and Cross Country operate under a promotion and relegation model and we are currently in Division 1 for Swimming and Athletics and we are in Division 2 for Cross Country. The ACC is an extremely competitive and intense competition and we look forward to the challenge of continued improvement in these Sports.

It has been great to make some real progress on the curriculum front with some uninterrupted class time. Term 1 is full of many, many activities. This week has seen many of the essentials of the School re-enforced with discipline, hard work, classroom respect and support being demonstrated. One of the core elements of the College is the commitment of the students and staff to their academic development. This takes place alongside their spiritual and service development. I encourage every family to keep up the conversation with your sons regarding any of their needs academically. Please feel free to communicate with your son’s Year Level Coordinator should you have any concerns.

I would like to express sincere appreciation for every family who have supported the College Building Fund so far. There has been a very strong early response and we look forward to that continuing. Obviously the benefits of a building programme need to benefit the entire community and I am very confident that will be the case with our new facilities. Every family making a contribution will receive a letter of appreciation.

We welcome our 2013 NET Team to the College Community. National Evangelisation Teams (NET) have been based in Mazenod for the past two years. From NET’s website http://www.netministries.com.au/about-us/vision

Young people are screaming out for meaning and purpose and for something to believe in. This is the challenge that the teams from NET Ministries take up as they travel and live in cities and towns in schools and parishes throughout this nation. The teams present a vision for life which challenges, equips and encourages young people in their day to day circumstances.

This peer to peer, value-driven ministry is very effective because it offers a radical alternative to what is offered by society at present. NET Teams bring their own positive stories, struggles, willingness to listen and relate on a youthful level that is indispensable. Just as chaplains in schools are there, standing beside youth in their day to day situations, so too are NET Teams. Whether that is by playing sport, lending a listening ear, connecting them to the help they need, teaching life skills or jamming on a guitar, the message to young people is the same - they are important, loved and valuable. Our lengthy experience in this ministry has allowed us to branch out into developing nations such as Uganda in Africa, the Marshall Islands, Palau and many other places.

Brigid Todd (Team Leader)
Brigid is 18 years old and from Innisfail in far north Queensland. Last year she served on a NET Team in the Canberra-Goulburn Archdiocese. She loves reading and going to the beach. Brigid thinks that there is no one better to share the Good News with young people than others their own age! She is hoping for deeper spiritual growth and understanding this year. An interesting fact about her is that she can’t let different foods on her plate touch.

Travis Schoenfelder (Team Leader)
Travis is 20 years old from Saskatchewan, Canada. Before NET he was studying Engineering Technology and working in that field. He enjoys lots of sports including Soccer, Ice Hockey and Wakeboarding. Travis first experienced Gods love in a personal way on a retreat when he was younger, he wants to share that faith and bring others to know Jesus in the same way.

Simon McKinlay
Simon is 18 years old from Emerald, Queensland. He graduated from high school last year, enjoys sports and has successfully completed the Kokoda Track. Last year Simon spent a lot of time with the NET Team in his Parish and wants to share that experience with others in the same way. He hopes not only to grow in his faith but to meet and share his faith with other young Catholics and to have fun.
Erica Shapka
Erica is 18 years old was born in Saint Paul, Alberta in Canada. She just graduated from high school and used to work as a cashier at a convenience store. In her free time she likes to sing, play guitar, practice Taekwondo, scrapbook, and hangout with her friends. The reason Erica joined NET is because she wants to spread God’s Word and have fun with others. This year she hopes to evangelize many young people, grow in her own faith, and meet lots of new people. An interesting fact about Erica is that she can’t stand spicy food.

Katrina (Kat) Jackson
Kat is 19 years old and from Tauranga, New Zealand but was born in Manchester in England. She went to Aquinas College and has been a waitress. She enjoys sking, singing and shopping. She wants to give back to youth as she received the love of Jesus through youth ministers. Kat is looking forward to growing in her faith and learning more about Church teachings. Kat was lucky enough to be an extra in the movie 'The Hobbit'!

During the week, the College received news from the Provincial of the Oblates, Fr Leo Mifsud O.M.I., that Fr Andrew Chen O.M.I. was needed for ministry in Fremantle, Western Australia. A very significant characteristic of the life of an Oblate is an openness and a willingness to be available wherever there is a need. The Provincial has to make decisions based on very real needs and Mazenod has been extremely blessed to have had Fr Andrew within our community. He is well liked and respected by both the students and staff and it is obvious that he has a very close relationship with God. Fr Andrew has assisted and served in many areas of the College Community including Masses, Chess, Mandarin Classes, Liturgies and general conversations with the boys and staff. He will be missed and we wish him well on his new assignment in Fremantle. He may even be tempted to follow the Dockers although his love of the Collingwood Magpies is very strong.

Take Care and God Bless
Fr Michael Twigg O.M.I.

Mass will commence at 7.25 pm. Students are required to attend.

EDUCATION MAINTENANCE ALLOWANCE - INFORMATION FOR PARENTS CURRENTLY RECEIVING EMA

Changes to the Education Maintenance Allowance (EMA) for 2013:
The EMA continues to help families on lower incomes with financial assistance to cover the cost of educational expenses including textbooks, stationery, uniforms and excursions for their child up until the age of 16.

From 2013, the Victorian Government is restructuring the EMA to better target financial support to families on lower incomes. Payments made direct to parents will be increased for eligible recipients at all year levels up to age 16, with an additional increase for parents with students in Years Prep and 7 in recognition of the additional costs at these transition points.

From 2013, the EMA will no longer be paid 50/50 between the parent and the school. The 50% school portion of the EMA will no longer be paid to schools on behalf of parents.

Eligibility:

To be eligible for the EMA in 2013, you must:

- be either a parent or guardian of a primary or secondary school student up to the age of sixteen; and
- be an eligible beneficiary of a Centrelink pension, allowance or benefit within the meaning of the State Concessions Act 2004* or be a Veterans Affairs (TPI) pensioner or be a temporary foster parent.

i.e – the parent/guardian must be the holder of a valid Health Care Card or valid Pension Card.

The eligibility criteria must be met as at 29 January 2013 (Instalment One) and 15 July 2013 (Instalment Two).

Payment Amounts - 2013:

MISSION ACTION DAY 2013

In an attempt to assist the Oblate Missionary work in the Developing World, Mazenod College will be holding its Annual Mission Action Day on Thursday 28th March.

As this is the College’s one big appeal for the Oblate Missions, each family is asked to support the day with a donation of at least $40.00. The needs of the poor in the Developing World are dire. These have been intensified by both the current global recession, as well as, by the natural disasters which have had a devastating impact on the lives of so many people. We assure you that EVERY cent raised by our Mission Action Day will be distributed to the poor in the Developing World.

Moreover, in order to make this year’s Mission Action Day the most successful ever, we would appreciate any donations or goods which we might raffle as prizes, and / or monetary donations.

If others would like to contribute to this very worthy activity, please send donations to either Ms. Natina Giacco or Mr. Tony Rolfe. Individuals and Companies will be acknowledged to the Student Body and School Community.

Many thanks for the donations which we have received thus far. We acknowledge:

The MacNeill Family

May God Bless you for your generosity!

SPONSORED NEWS

Our Year 7 students are again taking part in an intensive Chess Program for the first 4 weeks of the year. Some may ask why? Well apart from being a recognised SPORT the lessons in gamesmanship, tactics, planning and strategy are all skills we can take to all other areas of Sport and Life. We hope by giving boys this experience they will be able to apply some of these strategies. It is also another great way for the boys to interact with each other in a relaxed atmosphere.

Former student Sean Hyatt, as you can see below has come back to help us with a number of his former peers to teach and mentor the boys through Beginner classes to Advanced. We are really pleased at how well the boys have taken to the opportunity and you can be assured that we have seen some very competitive matches between students.

ACC SWIMMING - Carnival Time
Tonight will see our famous Mazenod Sharks hit the water in the first ACC Carnival of the year. The boys have trained really well in the last 2 weeks and we have seen record numbers at 7 am training and preparing. Mr Montoya has done a mountain of work with the boys and we are certainly proud of the way they have prepared for the event. A great initiative started by Mr Montoya was the time trial at Noble Park Aquatic Centre on Monday night. We had over 30 students swim off against the clock in the attempt to make the final team. A big thanks to the Mazenod Sports staff for helping out on the night and BBQ at the end tasted fantastic. A special thanks to all the parents who attended as well.

The Swimming Carnival is an open event and anyone who would like to come and support is welcomed. You can get transport from the College or make your own way into MSAC at Albert Park for a 7 pm start.

ACC Athletics Training
Over 150 students have been invited to attend Athletics training for the next 4 weeks in our lead up to the Carnival on Wednesday 27th March. The invitations are a great way for students to get involved and participate in a Sport that truly represents all of Mazenod. If a student receives an invitation we expect that they will train. Training will take place in House Sport and after school on a Tuesday (Year 7 & 8) and Thursday (Year 9 & 10). We are more than willing to work with students and parents to balance out community sport commitments while training for Mazenod. Our aim is to simply perform at our best in every event. We have a very talented student body that is for some reason at times reluctant to pursue athletic excellence. If we can commit to performing our best we are no doubt a top 3 placing College.

ACC RESULTS
Senior A Volleyball 3/75 def Salesian 0/42 (Wood, Papalaskaris, McLellan)
Senior B Volleyball 3/75 def Salesian 1/70 (Joseph, Buccella, Dalzotto, Jegels)
Senior Tennis 12/96 def Emmanuel 0/21 (Wickerton, Pawlukowski, Turlejski, Manuel, Di Nezza)
Senior Cricket 7/137 lost De La Salle 2/139 (Howes 48, Gladman 2/27)
Senior Seconds Cricket 9/112 lost De La Salle 1/114 (Burke 31no & 1/31, Patterson 16)

Mazenod is getting behind DonateLife Week this year, to help raise awareness of the need for us all to Discover, Decide and Discuss organ and tissue donation.

Did you know that around 1% of all hospital deaths occur in the specific circumstances where a person can be considered for organ donation?

1 in 2 Australians do not know that few of us will actually have the chance to become an organ donor, although many more can become tissue donors. When people become aware of this fact, the overwhelming majority (84%) are more motivated to decide they would like to become a donor.

As an organ and tissue donor, you could transform the lives of 10 or more people. But to make your wish count, we all need to discover the facts about organ and tissue donation and to register our decision on the Australian Organ Donor Register.

And to make every wish count, every Australian family needs to know each other’s wishes. This is because in Australia the family of every potential donor is always asked to confirm the donation wishes of their loved one before organ and/or tissue donation can proceed.

Many of you will know that our instrumental Brass teacher, Mr Jason Mears, received a life-saving gift of a new liver. When he was about 18 he became very ill and was eventually diagnosed with PSC - a chronic liver disease whereby the bile ducts become narrowed from inflammation and fibrosis. Over time, the scar tissue builds up and can block parts of the bile ducts completely.

Mr Mears condition was able to be stabilised for many years, with only a couple of stays in hospital due to infections. Then about 2 years ago, things began to get more serious – the bile ducts in his liver were almost completely blocked and he was assessed to be put on the waiting list for a liver transplant. To put it bluntly, his health was now so bad, he would die if he didn’t receive a new liver. Luckily, he passed all tests and requirements and on the 5th April last year, he became one of the lucky ones to be activated on the waiting list.

Life for Mr Mears’ and his wife became a blur of appointments, blood tests, procedures, dashes to emergency, hospital stays. He slept most of the day if at home, and he was extremely fatigued all the time. He was not hungry and was losing weight. If you are on the waiting list for a transplant, you can’t travel any further than about 2hrs from the hospital and you have to let the unit know where you are at all times and always have your mobile nearby.

In May, Mr Mears condition began to worsen very rapidly - the doctors were now very concerned about his chances and he was one infection or blockage away from no return.

Whether due to luck, destiny, fate...whatever...in mid-June, about 2 weeks after his 40th birthday, the call came at 7 am. He had been in hospital for a week before and his blood tests were showing that his body was beginning to give up so he was in desperate need of a new liver.

About 7 hours after arriving at the hospital, the message came from theatre...the transplant was going ahead! Most people would be terrified facing such a huge operation, but to Mr Mears and his wife, it was, and still is, like winning the lottery. Without the donor liver, Mr Mears would not survive. This was his second chance and he and his wife had absolute faith in the surgeons and the rest of the transplant team of getting him through it all.

Mr Mears spent just over 6 hours in surgery and became the Austin’s liver transplant no. 785. His wife saw him in ICU less than an hour afterwards, and the change in his colour was already noticeable. About 48 hours later, he was back up in the ward. Nine days later, he was home. And he hasn’t looked back!

It is now about 8 months since his transplant and Mr Mears has returned to his love of music and discovered a passion for fitness and exercise.

But are two sides to this story... one of absolute joy due to the saving of a life, and one of terrible grief due to the tragic loss of a loved one.

Despite Mr Mears’ sheer stubbornness to keep going, plus his positive thinking and amazing inner strength, he would never have survived without that very special factor...the gift of a liver from an organ donor.

So during DonateLife Week, Sunday 24th February – Sunday 3rd March 2013, take some time to share your wish with your family and close friends, and ask them about their wishes.
Although 77% of Australians have now talked about organ and tissue donation with their family, and 71% of people believe that their family knows their donation wishes, only 56% of Australians say that they know the donation wishes of their loved ones. This highlights the need for all Australians to remind their family members’ about their donation wishes as well as to ask and know the wishes of family members.

Some Australians find it difficult to bring up the subject of organ and tissue donation with family members. Deciding to have the discussion during DonateLife Week can help normalise the subject and make it OK to talk about.

DonateLife Week is Australia’s national awareness week to promote organ and tissue donation. It is led by the Organ and Tissue Authority as part of the national DonateLife campaign and supported by community events and activities across Australia.
